## Looking for POWER?

## Better Buick!

That bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show. Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

Only Buick has Dynaflow Drive—and with it goes HIGHER COMPRESSION and VALVE-IN-HEAD power in three engines. A NEW 235 cubic inch engine in the SPECIAL, with MULTI-GUARD front, tape-through fuelers, TRAFIC-HANDY size, less over-hang length for easier parking and turning, short turning radius, and SOFT BUICK ride, from coil-spring, safety-side-ride, low-pressure tires, side-steering torque-tube, standard on ROADMASTER, optional on SPECIAL and SPECIAL models.

The climax of the carnival will come when Miss Ann Evans will be crowned "Queen of the Carnival" later in the evening.

Students of Teachers College Laboratory High School will hold their Halloween Carnival Tuesday night, October 31, at 7:30.

The program will be held in the school auditorium and will reach its climax with the crowning of a king and queen and the selection of the "rueful man" in Lab High School.

"Madame Fifi" will be a feature of the carnival. It is said that she "eats and talks under water." Other Halloween novelties will be included in the festivities. A "cave" will be operated to feed the hungry.

# THE BULLOCH HERALD

DEDICATED TO THE PROGRESS OF STATESBORO AND BULLOCH COUNTY

STATESBORO, GEORGIA, THURSDAY, OCTOBER 26, 1950

NUMBER 50

## District GEA Here Will Attract 1,300

John P. Atkinson, of Greenville, vice chairman of the Georgia Citizens Committee on Education, will speak Friday as 1,300 teachers and administrators gather at Georgia Teachers College for the annual First District Convention of the Georgia Education Association.

Mr. Atkinson is also addressing six of nine other G. E. A. district meetings between October 16 and October 20.

On the program opening at 9:45 are music by the Teachers College band, reports by Milton Fletcher, president of the Future Teachers chapter of the University of Georgia, by Dr. M. D. Collins, state superintendent of schools, and J. Harold Saxon, G. E. A. secretary, and an address by Kankakee Anderson, of Cedararow, president of the G. E. A.

Delegates will separate according to subject-interest groups for an afternoon session at the college and Statesboro High School. Each group will hear a 30-minute discussion on the Minimum Foundation Program for Education in Georgia.

Mr. Atkinson's morning speech will be broadcast by four radio stations.

District members of the Georgia Citizens Committee on Education will meet at the college at 6:30 p. m. Thursday. Earl Norman, of Washington, is state chairman of the committee, and F. Everett Williams, of Statesboro, is district chairman.

## U. S. 25 Association Meets Here Nov. 7

Hoke S. Brunson, Statesboro and Bulloch county director of U. S. 25 Highway Association, announced this week that the 1950 annual directors meeting of the association will be held here on Tuesday, November 7.

Colonel James D. Gould Jr., of Brunswick is the association president.

The meeting will be held at the Norris Hotel at 1 p. m.

Election of officers for the coming year will be the major business of the meeting. Association directors from Georgia, South Carolina, and states north through which U. S. 25 passes are expected to be present at the meeting.

The U. S. 25 Highway Association is actively promoting tourist and commercial travel over U. S. 25 from Canada and the Great Lakes to the Golden Isles of Georgia and Florida.

The route follows a north-south course originating in northern Michigan and passing through Detroit, Toledo, Cincinnati, Knoxville, Asheville, and Greenwood, before entering Georgia at Augusta.

It comes through Statesboro after leaving Millen.

The pastor, Rev. John S. Lough, will preach on "Our Protestant Heritage" at 11:30 morning service. Rev. W. L. Higgins, chaplain at the Georgia State Prison, Reidsville, will be guest preacher at the 7:30 evening service.

## Deals Name 1951 Reunion Officers

Reunited Deal, of Pembroke, was named president of the 1951 Deal Family Reunion at the annual family meeting here last Sunday at Bethlehem Church, with more than 250 members of the family in attendance.

Other officers for the 1951 reunion are: Stithard Deal, vice president; Mrs. Carole Deal Mallard, secretary; and Carter Deal, treasurer.

At the meeting Sunday, Col. Albert Deal gave a brief history of the family from the period just after the Revolutionary War to the present date.

Francis Allen made the welcome talk and Rev. Elzie Bryant, of Danville, gave the devotional.

## Congressman Preston Reports to Grand Jury on State of Nation

By BOB DONALDSON

Congressman Prince H. Preston from the judge's bench talked to his homefolks here at the opening of the October term of Bulloch Superior Court Monday and told them that for the next ten years we must realize that we will have to maintain a strong military establishment and bear a tremendous tax burden.

Dangers Are Listed

Judge J. L. Renfro told a crowded courtroom at the opening of court that he had invited the representative of the First Congressional District to talk to the Grand Jury and the citizens of the county. In presenting Congressman Preston, Judge Renfro praised the representative very highly.

Preston stated that he wanted to talk to his own people on the state of the nation. He told the Grand Jury that it was their duty to look into the affairs of the county and these affairs are closely tied to the affairs of the nation.

The congressman cited the changes that have come about in the past fifty years, the great progress made by the American people, until now our nation is known as the number one nation of the world. He declared that we are facing a grave hour in our national history, that we must concern ourselves with the dangers that confront us. Mr. Preston listed these dangers as (1) military threat, (2) subversive threat, (3) legalistic threat.

The First District representative said that from a military standpoint, we are not secure. He declared that we had come to consider ourselves a super people, but we have been kidding ourselves. He explained how it came about that we were unprepared in Korea, and his explanation was that the State Department thought Russia would strike elsewhere. Mr. Preston stated that we are facing a grave hour in our national history and that we must maintain sufficient military strength to keep all others afraid of us.

In his announcement of the observance of the day, he said: "On an April evening over 400 years ago, a simple monk stood facing the emperor of the Holy Roman Empire. His words, heard by only a handful of people, have echoed through the centuries. My conscience is captive to the Word of God. I cannot and I will not recant anything, for to do so against conscience is neither right nor safe. Here I stand. I cannot do otherwise. God help me."

"Because he took his stand," Rev. Lough said, "Martin Luther shattered the structure of medieval Catholicism and initiated Protestantism. This is one of the greatest days in the Protestant church and pastors will again recount some of the events that led to this great Reformation."

The pastor, Rev. John S. Lough, will preach on "Our Protestant Heritage" at 11:30 morning service. Rev. W. L. Higgins, chaplain at the Georgia State Prison, Reidsville, will be guest preacher at the 7:30 evening service.

Also report of the Public Works Camp Committee, which was appointed at the April Term of Bulloch Superior Court, 1950, to fill the vacancy caused by the resignation of J. W. Cannon.

We received an oral report of Mr. Fred W. Hodges, Chairman of the County Commissioners, and also that of Mr. H. P. Womack, County School Superintendent, also report of Miss Sarah Hall of the County Welfare Department.

We make the following recommendations:

1. We recommend to our Representatives in the State Legislature that the law be changed whereby all tax fees be left with the Tax Commissioner for collection and further handling, and that compensation of that office be adjusted accordingly.

2. We recommend that the following Welfare payments be increased: George Parrish from \$2.50 per month to \$10.00 per month; also that Melvin Brown be changed from \$3.00 per month to \$10.00 per month, and that the following be added to the roll as stipulating following their names: Howard White, \$10.00 per month; Mrs. Clarence Hagin, \$10.00 per month; James Merrill, \$10.00 per month; and Jacob Allen, \$5.00 per month.

3. We recommend that the pay for jurors' service for the year 1951 be at the rate of \$4.00 per diem.

4. We recommend the appointment for the unexpired term as Justice of the Peace in the 157th District, W. L. Cull, Jr., to fill the vacancy caused by the resignation of J. W. Cannon.

5. Due to the increasing number of accidents on our highways, and taking cognizance of the County's charge to the Jury in that connection, we recommend to our Representatives in the State Legislature that they work toward the passage of legislation requiring that before the granting of a car license tag evidence be presented showing the vehicle involved to be covered by Public Liability and Property Damage Insurance.

We appoint E. S. Brannen, T. W. Jernigan and O. C. Banks as a committee to inspect the Public Works Camp and report to the April Grand Jury, 1951, we appoint J. E. Hodges, Dan W. Hagan and S. J. Proctor as a Property Committee to inspect county property and report to the April Grand Jury, 1951.

We wish to express our appreciation to the following: Continued on Page 10.

## An Emperor Comig To Statesboro Says Rumor

Rumor has it that an emperor is coming to Statesboro. Do you know anything about it? Have you heard?

One doesn't know too much about it. He seems to be a "man of mystery, night, and millions."

It seems he comes from a remote kingdom resembling China. We can't even give you his name. All we know is that he's "The Emperor."

The Emperor has chosen Statesboro for a personal appearance. To thousands of towns and cities he sent his secret agents and they have been busy for some time. As yet we haven't had an opportunity to do so much interviewing of his consorts. We do know he is very, very rich. He is reported to have the largest, most beautiful, fabulous wardrobe and collection of jewelry known anywhere. Some royal jewels have been in the family so long they can't be traced to an original owner. All types of secret formulas and chemicals have been used to exorcise and gorgeous effect to his attire.

Preliminary plans for the Emperor's appearance are being drawn up, plus—and this promises to be the most unique and important event Statesboro has seen in years—an advance showing of selected items from his famous court wardrobe and jewels.

Statesboro's leaders—the mayor, council, police force, civic groups, educators, business and professional men, and many other individuals—are being briefed on the plans by the Emperor's ministers of Robes and Jewels and his appearance.

# THE BAND STAND

By ANN EVANS

Saturday morning when we awoke it was pouring rain and we were to play in Savannah that day. There was to be a marching contest which we were planning to enter. But since it was expected to rain throughout the day the contest was postponed. We were disappointed!

Last week at band practice, the following names were added to the ones who received first chair pins last year: Shirley Johnson, Betty Johnson, Mary Jo Hodges, Payrene Sturgis, Jerry Lane, William Russell, Jane Morris, and Carey Donaldson. These pins are awarded to those who occupy first chair in their section. Everyone should be proud to wear such a pin.

The band is planning to give an outdoor concert on the courthouse square this Sunday. There will probably be more concerts on various Sundays during the year. We hope that everyone will come and enjoy them as much as we enjoy presenting them.

## ALL'S FAIR

By Jane

De wind hit blow cold and den hit blow hot; Ain't got a bit a meat to put in de pot. Now, turnip green and taters tase mighty fine; But ever'body knows hit needs some bacon rind, de aw-inspiring sights, but we lack space; Mrs. Smith for a long time thought there was nothing but dust, adobe houses and mesquite trees and wondered how the people made a living. Then she told us about the beautiful home facing the blue Pacific; visits to Monterey, Laredo, and San Francisco, which she said has been described as the most unique city in the world. In San Francisco proper the home were built on lots with only a 25-foot frontage. The garages were built directly under the front door. One fact she gave us was that Yard Brigades, whom you paid a stipulated sum each year, kept the tiny plot in front of those homes in perfect condition.

Lovely plants were carefully tended and the grass was even and neat. They visited Yosemite Park and saw the big trees, one 3,800

years old, and witnessed the miracles of engineering at Boulder Dam. They saw the big pipes through which two locomotives could pass at one time, which changed the very course of the Colorado River; the Indian Reservation in New Mexico; Carlsbad Caverns; the Grand Canyon; had a day in Hollywood, a boat cruise to Treasure Island, circling Alcatraz. They rode along the Oakland Bridge and Golden Gate Bridge—all of which she told me and many things more. And she made it so enticing that I'm slimming down to hitch-hiker size, for it's Westward, ho!

As ever,  
JANE.

P.S.: Could be that we're partial, but in a picture in the Atlanta Journal Monday, entitled "University Majorettes Step Out," we thought Ann Waters, daughter of Loy and Ruth Waters, was the cutest and snappiest one in the group. This is Ann's second year at the university. Keep it up, Ann!

Check NOW for ROOT KNOT DAMAGE

It's easy to find out if nematodes cut into your 1950 profits. Pull up a few roots in an area that didn't pay so well this year. Look for stunted roots with knots and starved-off feeder roots. If you find roots like that, there are damaging nematodes in your soil and you should fumigate with D-D before the next crop is planted.

**D-D\* KILLS NEMATODES!**  
Growers in every tobacco area in the South made profitable use of D-D this year. D-D is easy to use, economical and highly effective. Get rid of the soil pests that are choking your profits. Start with the seed bed. In this area, nematodes are found even in virgin soil. Use D-D in seed beds this fall and in all infested fields next spring.

### Nevils Farm Bureau Names Robert Cox As President For Another Year

Robert Cox will again head the Nevils Farm Bureau. The Nevils group held its election at the regular meeting last week. Mr. Cox has served one year as president of the Nevils chapter. The chapter is not the largest in the county yet, but it was one of the first to build a 200-plus membership, having had 214 members this year. Hines Smith was named vice president of the chapter. Walton Nesmith and B. F. Futch were asked to continue as secretary and treasurer, respectively.

Pat Brannen, local businessman, attended the meeting Wednesday night and asked those present to put forth some extra effort to build a stronger Farm Bureau. He enumerated many of the tractor dealer's problems which a good Farm Bureau can help solve, and pledged his cooperation in helping to get every family in the county in the Farm Bureau this year.

Robert F. Young mentioned a few school problems with which the Farm Bureau needs concern itself, such as so many leaving the farm for war jobs and no effort being made to replace these families. School enrollments are going to be included in plans for a conference.

The Bulloch Herald, Thursday, October 26, 1950

ty-wide rural telephone program, according to interest shown by the some 100 present at the meeting Thursday night. It was announced that definite steps toward getting the program lived up would begin about November 2.

Mr. Mikell, county president, met with the Register chapter. He cited some recent gains made by the Farm Bureau as still further evidence that membership should be easy to renew this year. A recent accomplishment of efforts of organized farmers was the blocking of the Administration's move to dump commodities held by the C. C. C. on the market, which meant the difference between 31 and 41 cents a pound for cotton this fall. New problems come on continuously. The recent embargo on export of cotton cost the cotton farmer three to four cents a pound in less than a week—and, unless a change can be forced by the Farm Bureau, this drop in price will be even more serious.

Mr. Mikell urged that every

member possible go to the State Farm Bureau convention in Macon November 7 and 8. He expressed the belief that an informed membership was all that is needed to maintain a strong farm organization. Going to Macon will give members a firsthand opportunity to learn what the organization is doing and what it plans to do next year.

The resolutions committee brought together all recommendations made in the various group meetings at the convention and presents the findings of these committees in the form of resolutions. When accepted by the convention, these resolutions become the program of work for the state Farm Bureau officers for the ensuing year.

### Bob Mikell Will Represent F.B.

The Bulloch County Farm Bureau will be represented on the resolutions committee at the state convention in Macon November 7 and 8.

R. P. Mikell, president of the local chapter of the Farm Bureau, has been asked by H. L. Wingate, president of the Georgia Farm Bureau, to serve on this most powerful committee of the convention. Mr. Mikell has accepted the invitation.

The resolutions committee brings together all recommendations made in the various group meetings at the convention and presents the findings of these committees in the form of resolutions. When accepted by the convention, these resolutions become the program of work for the state Farm Bureau officers for the ensuing year.

### 'Mike' Weighs 122; 'Ike' Weighs Only 72

Mike and Ike are a couple of pigs being fed at the East Georgia Trading Post as a demonstration for Bulloch county 4-H Club boys and girls. Gerald Groover, manager of the local Furma store, is giving Mike to the clubsters on November 4.

Both pigs were put on feed 42 days ago, weighing then 60 pounds each. Mike gets the same feed as Ike except a protein supplement is added to his diet. During the 42 days Mike has gained 62 pounds and Ike only 13 pounds, yet Ike is getting all the corn, minerals, and water he wants.

The difference in the size of these two hogs attracts considerable attention to those visiting the local store. Mr. Groover has them in a neat "store bought" pen in the store, where everyone can see them and compare the weights and feed necessary to make Mike the best hog.

**Japalyuka Farm Enters Macon Sale**  
Bulloch county will be represented in the annual Aberdeen Angus cattle sale to be held in Macon October 31.

The Japalyuka Farm, owned and operated by Mrs. J. E. Rushing and A. P. Murphy, is entering two of its best cows in this annual fall sale. Colonial Beauty 4 and Blackbird Lass of Japalyuka are the entries.

Japalyuka Farm has been in the process of building a herd of Angus cattle second to none in the state, as well as a pasture program that would support these blue-blooded cattle the year round.

The foundation cattle on this farm follow back through the top bloodlines in the Angus breed. Mr. Murphy says that through the past few years he has been trying to build his herd but is now getting in position to sell some of these top cattle to other breeders.

During the past six months, Mr. Murphy has been reworking some

MISS MOORE, MR. MAYNOR

Mrs. J. O. Johnston was hostess Saturday at an informal party honoring Miss Sadie Maude Moore, who was evacuated from Korea in the beginning of hostilities and reached her home town a little over a week ago, and to give some of her friends an opportunity to meet Miss Ruby Lee's guest, Mrs. Velma Maynor of Ontario, Ala. Mrs. Johnston served cheese, chicken salad sandwiches, and punch.

Mrs. Johnston asked Mrs. Maynor, who had attended the Passion Play at Oberamun, to describe this historic play. This Mrs. Maynor did in such dramatic manner that her listeners were spellbound. Twenty guests were present.

## It's A Woman's World

**SIDNEY DODD AND FAMILY AND MRS. E. A. SMITH BACK FROM WESTERN TRIP**  
Mr. and Mrs. Sidney Dodd and sons, Sidney III, and Sidney IV, and Mrs. E. A. Smith left Statesboro the first week in October. Mr. Dodd, past commander of Dexter Allen Post No. 80, American Legion, was delegate to the convention which was held in Los Angeles.

The party left in Mrs. Smith's new car and visited nearly every place of interest on the way out. While in Los Angeles, they visited in Hollywood where they witnessed the Cavalcade of California, which depicted the history of that state. Following that story of the Old West, came the Cavalcade of Stars. The stars traveled in convertibles and continuously waved at the spectators. Bringing up the rear, Roy Rogers rode on Trigger, and waved his Western hat. Then it was that Sidney and Roddy had their day.

In a conversation with Mrs. Smith shortly after her arrival home Sunday afternoon, she said, "Don't ever say we live in a small world." When you're passing through deserts where roads seem never-ending, or you're in Carlsbad Cavern where a light shines from what seems like the middle of the earth, and as you gaze down into the Colorado River as it flows like a narrow ribbon, there comes a feeling of depth and awe.

Then, as you gaze at the wonder which is Boulder Dam, you marvel at the might of man who stands like a mere speck in its immense shadow. Then a human interest story marked their trip to Monterey, Mexico. They were visiting the home of the late Joe Allen Smith, brother of the late E. A. Smith. Joe Allen Smith spent 16 years as superintendent of a silver smelting plant in Monterey. He died enroute to Texas, where he and his wife were going to be present at the wedding of their only daughter. With no means of transportation, they were traveling by boat. On the way Mr. Smith became a victim of yellow fever and was buried in Cuba. In 1930, Mrs. E. A. Smith and the late Miss Minnie Smith, they went to visit the grave of Joe Allen Smith in Cuba. The daughter, whose marriage brought them out of Monterey, died a year later when her daughter was born. Her name was Georgia and on this trip, Mrs. Smith insisted that they go to Eagle Pass, where Georgia's daughter, little Georgia, now Mrs. Vueste, lives. She had never seen a single one of her relatives. She is the same age as Mary Ruth Dodd and, like Mary Ruth, has two boys, and she and Mary Ruth have corresponded through the years. Sounds like a story for the story books.

Sidney Sr. drove every mile of the trip, which could have, had they taken direct routes, carried

them both ways across the country and one-fourth of the way back again. Some days they traveled 600 miles and once they rode 700 miles.

There's no doubt about it, Statesboro people have sand in their shoes — they like to travel — even in a Cadillac.

**JUNIOR WOMAN'S CLUB MAKE, PRESENT U.N. FLAG**  
On Tuesday, United Nations Day, the United Nations Flag was shown at the Statesboro High School at a chapel program directed by Mrs. Sam Franklin. This flag is the handwork of members of the Junior Woman's Club. It will be displayed, along with the flags of all nations, in the Hol-low-on parade on Tuesday afternoon at 4:30. The parade will assemble at the Methodist Church. Miss Irma Spears suggested that each of the home demonstration clubs make a United Nations flag for each community and decide where the flag will be flown.

The Junior Woman's Club will present their flag to the Recreation Center.

**LITTLE SHARON STUBBS CELEBRATES BIRTHDAY**  
Mrs. E. B. Stubbs honored her little daughter, Sharon, on her fourth birthday with a delightful party Friday afternoon at the Recreation Center. The color motif was pink and green. From a large dishpan, dressed in pink paper, the children drew pink and green bubble pipes and marbles. They were served ice cream with the birthday cake, punch, and baskets of candy. Forty children were present.

**PARTIES HONOR RECENT BRIDE**  
Mrs. Euel Anderson, a recent bride, was the inspiration of two delightful parties given last week. On Thursday evening Mrs. M. O. Lawrence and Mrs. Howard Neal entertained with a miscellaneous shower at the Lawrence home on Park avenue honoring Mrs. Anderson.

Roses and ainnias were used attractively throughout the home. Refreshments, which adhered to a green and white color motif, were ice cream in canna lily molds, individual cakes iced in white and emossed with calla lilies, and green and white mints. Dainty gum drops nosegays decorated the party plates.

In novel pencil games Miss Harriett Roughton received a tea towel. Miss Hattie Powell was awarded earbobs and hand-etched pot holders went to Miss Orace Gray. The guest of honor was called to the center of the room and was requested to read a jumbled romance. Then she was led on a treasure hunt by notes which led her to various places — at length, to the chair she had occupied. A white satin bow with a ribbon extending from the chair was the final clue. Charlotte pulled the ribbon and into the room rolled a wagon, loaded with lovely gifts for her.

They're "Cleaning Up" In New York!

See where a couple of young fellows in New York City are making a nice business by keeping sidewalks clean in front of big hotels and department stores.

They go to work with a motor-driven broom and a detergent cleanser right after business hours. Make a cement sidewalk like new in five minutes flat!

Now our town doesn't really need such fancy sidewalk cleaning — still, somebody might do the same thing on a smaller scale. He'd make some pocket money, and the whole town would benefit.

## Invite Them To Bulloch County

WE HAVE had much to say about people moving out of Bulloch County. We have always contended that people moving out of this county were following a will-o-the-wisp. Not content with the best that nature has provided, they always are seeking the never-to-be-found greener pastures.

Now comes a letter to us through Mrs. Turner E. Smith, of Atlanta, publisher of books, who is a native Bulloch countian whom we have mentioned before . . . remember, Leila Bunce, she was.

The letter is from a lady who is now living in California. Her husband is a Missourian, born in Kansas City. She is a Mississippian by birth. They have lived in California for 25 years.

But let us give you her letter in full: "Turner E. Smith and Co., Atlanta, Ga.

"Dear Sirs: "My husband and I have just finished your book 'FRONT PORCH FARMER' (written by Channing Cope, and published by 'Miss Leila' printing company), which expressed our own idea of what we wish to do.

"Mr. Hildreth is a Missourian, born in Kansas City. I am a Mississippian by birth. We have lived in California for twenty-five years. We are in our middle fifties, with no past experience in farming. We have an established income of \$200 a

month. We do not wish to pay in excess of \$15,000 for a farm.

"We would value beyond price your advice and help in choosing a farm and wish to pay for such help.

California land is exorbitant in price and highly specialized. We wish to go where there is natural rainfall and equable climate. Letters to real estate firms have been non-productive of results. There is either no information or misrepresentation.

"If you, in your busy life, can help us, Mr. Hildreth would make the trip back there if we hear from you favorably.

"Sincerely, "MINNIE S. HILDRETH, "45 Ronada Avenue, "Piedmont 11, Calif."

Now, if such an inquiry were directed to us by some industry we would be knocking ourselves out furnishing information, making offers free of taxes, buildings, water, etc. . . .

We're friendly people. Let's write this lady and invite her and her husband to come and make their home in Bulloch county. We believe they would find exactly what they are looking for here. We know they'll find the finest folk in the world here.

You'll be doing a fine thing for our community if you do this simple thing—write a letter.

## Buy Her Cookies

Sing a song of sixpence,  
Hopes and spirits high!  
Four and twenty cookies,  
The box for you to buy!

And, so, it's hi-ho, and off they go, and soon they'll be knocking at your door.

It will be members of Girl Scouts of Statesboro making their annual door-to-door sale of Girl Scout Cookies.

Monday, October 30, is "kick-off" day. A pretty Girl Scout will smile when you answer the doorbell. You'll get a warm glow under the spell of her smile, and the 50 cents you give her for her box of cookies will be small in terms of her gratitude.

Girl Scouting is great for the young girls of this community. Under the direction of our recreation department and the leadership of Miss Sue Hunnicutt these young girls are getting something that they don't get at school, at home, or out of books.

So, buy her cookies when she knocks at your door next week.

## Auto Dealers Week

THIS WEEK is "National Auto Dealer Week."

We have come to depend upon our automobile dealers and servicemen as much as we depend upon our grocery and meat markets . . . maybe more so. For we could go without something to eat for a day or so, but can you think of anyone who would go without the use of his or her automobile for a day or so?

Since Henry Ford put the Model T on the streets of our nation the automobile has become as necessary an adjunct to our living as electricity.

The auto dealers in Statesboro, Brooklet, and Bulloch county are outstanding businessmen, and are a strong factor in the prosperity of the region.

Yet these dealers are cursed, discussed, and condemned—that is, if you don't get the car you want, when you want it, for the price you want to pay for it.

So we believe there's a good reason to set aside a week to honor our local auto dealers. The Herald is happy to take off our hat to each and every one of them.

## 'Machine' vs. 'Machine'

THERE IS ONE group of people in Georgia who is listening to Governor Talmadge, according to a news release which comes to our office under the name of Georgia News Service and Clipping Bureau.

The news release says: "The Georgia Peace Officers Association has unanimously approved the amendment to Georgia's Constitution which puts the County Unit System into the State Constitution and extends its controls to general elections.

"The politically powerful association passed the county unit resolution after hearing Governor Herman Talmadge explain the effects of the amendment on Georgia's future welfare.

"The association re-elected President E. S. Burke and all other officers."

Deep down, we wonder if here is not a "politically powerful association" approving the county unit system which, according to our governor himself, is designed to protect us from just such "powerful machines."

We lowly, one-vote citizens are going to get caught in the squeeze—one "powerful machine" approving an instrument designed to protect us from another "powerful machine."

Why can't we just go to the polls simply and conscientiously vote our conviction in our general election as well as in our primaries, and then our vote be counted one for one with equal value.

As a "scalawag" and a "carpetbagger," we're going to vote against that county unit amendment and hope that there'll be enough other "scalawags" and "carpetbaggers" there with us to vote against the county unit applying to our general elections.

Let's vote against it that there'll be no frustration of the will of the people in the selection of our government officials.

## Congratulations, Legionnaire Cooke!

WE JOIN the Legionnaires of Georgia in congratulating Erle Cooke Jr., of Dawson, Ga., 29-year-old veteran of World War II.

Erle Cooke was overwhelmingly elected national commander of the American Legion—the first time in the history of this organization that a Georgian has been so honored.

## Special to Herald Readers

READERS of The Bulloch Herald are being given an opportunity to purchase one of the best books recently written on soil conservation, "Conserving Soil Resources," at a sizeable discount.

Although the book sells for \$3.28, Herald readers may secure it for \$2.46, plus 12 cents postage, by filling out the order coupon found in this week's paper.

Mrs. Turner E. Smith, formerly Miss Leila Bunce, of Statesboro and Bulloch county, of Turner E. Smith & Co., publishers, is cooperating with The Herald in making this generous offer.

We reviewed the book in these columns some time ago. We quoted freely from it in our recent Soil Conservation edition.

We believe it to be a good book to have in your home.

## Verse for This Week—

If thou art worn and hard beset  
With sorrows, that thou wouldst forget,  
If thou wouldst read a lesson, that  
will keep

Thy heart from fainting, and thy  
soul from sleep,  
Go to the woods and hills! No tears  
Dim the sweet look that Nature  
wears.

—Longfellow.

## It's Getting So Ghosts Are Afraid of Us People

## Editor's Uneasy Chair

WHEN THE Lions Club elected to promote the National Guard's Air Show, following their mobilization, it left Statesboro without the prospect of a horse show this year.

But people like Lannie Simmons and Si Waters found that no deterrent to their enthusiasm for horse shows. No horse show in Statesboro? "O. K., we'll get in on the Atlanta horse show," they allow. Nothing small-time about these two.

So, come horse show time in Atlanta, there were Lannie and "Midnight Rosalie" and Si and Patay McDonald just as good as the best, and they showed Atlanta a thing or two.

When all the ribbons were accounted for, Lannie had two and Si had two. Lannie's "Midnight Rosalie" took a ribbon in the professional walking horse class with Jim Warren of Savannah, "up."

(In this class the horse had to be ridden by a professional horseman.) Then the same horse, with Lannie "up" took another ribbon in the amateur walking class. Si's "Patsy McDonald" took ribbons in both the five-gaited mare class and the five-gaited championship stake.

THERE'S GOING to be a wreck one of these days—a real wreck—not just a fender-bender, but a knock-down-and-drag-away wreck—if Statesboro auto drivers don't learn to pull quickly and carefully over to the curb and stop stock still when the fire siren announces a fire in town.

During Fire Prevention Week the fire siren went off and two near-wrecks avoided happening near the traffic light because the drivers insisted on going about with the "everything normal" attitude and the fire engine and volunteer firemen screaming to get to the fire.

Watch it . . . when the fire siren goes off, pull over to the curb and wait until you're sure it's all clear.

STATESBORO ROATRANS saw a fine presentation of the

steps in the development of the atom bomb at their regular meeting Monday. But the thought comes to us: How many of us realize what we have in the atom bomb?

JUDGE RENFROE issued a gentle warning to members of the grand jury on Monday morning of this week. The county commissioners have just finished preparing the grand jury room with a new floor and new paint on the walls. And arrangements were made for part of the county school department to use the grand jury room for their activities. Of course during court the school ladies get out, and the grand does its deliberating there. So, in his charge to the jurors, Judge Renfroie asked them to please be careful of the new floors and not squash out cigarette butts on the new floor, and to be careful not to splatter the newly-painted walls when they spit their tobacco juice.

Judge Renfroie must realize the sacrifice he was asking these men

## Bulloch Flies U. N. Flags

By VIRGINIA RUSSELL

ON TUESDAY, October 24, the world observed United Nations Day. The United Nations flag was unfurled for the first time this month. There were at least 26 U. N. flags flown in Bulloch county. Likewise, there were many new U. N. flags displayed all over America because the American women took time out and made them.

The Home Demonstration Clubs of America sponsored this project. Miss Irma Spears, who, along with Miss Johnson, deserve Bulloch's praise, said that the response to this plan in our county was one hundred percent. The fifteen demonstration clubs in the county made a flag each, as did the Woman's Club, the Junior Woman's Club, the Professional and Business Girls' Club. The different churches were reached through the Woman's Club.

to make while considering the state of our county. To break all of the comfortable customs of smoking with no concern for the floors, to give up the joys of chewing with no thought of the walls is going to be hard.

And some poor criminal will feel the brunt of their discomfort. Maybe it's for the best . . . and, after all, the ladies come first. And, if they say the floors must be kept clean, clean they'll be; and if they say no more tobacco juice on the walls, then there'll be no more tobacco juice on the walls.

### MRS. BOWEN HOSTESS TO HER BRIDGE CLUB

Mrs. J. E. Bowen was hostess to her bridge club Friday afternoon at her home, using her play room for the bridge games. Pyrotechnia and garden flowers made casual and gay decorations.

For high scores, Mrs. Grady Bland received a hand painted ash tray; carboys went to Mrs. Lehnman Franklin for low, and Mrs. Charles Robbins received stationery for cut prize.

Other players were Mrs. Arnold Rose, Mrs. Sidney Lanier, Mrs. Chalmers Franklin, Mrs. Tom Smith, and Mrs. F. C. Parker Jr.

### BEAUTIFUL TEA HONORS

MRS. ELLIS ON BIRTHDAY  
On Wednesday afternoon Mrs. J. B. Averitt was hostess at an elaborate tea honoring Mrs. W. H. Ellis on her birthday.

The beautiful home was attractively decorated for the occasion. Mrs. Thad Morris greeted the guests as they arrived and Mrs. Bruce Oliff directed them to the living room, where Mrs. Averitt and Mrs. Ellis received them.

Mrs. Averitt wore a lovely dress with brown scroll pattern on a white background. Her flowers were white carnations. Mrs. Ellis was the gracious lady in black crepe with jet trim. She wore a corsage of pale pink carnations.

Those assisting in the dining room were Mrs. Gordon May, who was at the door, Mrs. Frank Williams, Mrs. Perry Kennedy, Mrs. Louis Ellis, Mrs. Henry Ellis, Mrs. Fred Smith, and Mrs. Edna Neville.

The table was overlaid with a handsome lace cloth and had for its centerpiece white chrysanthemums, white dahlias and gladioli, exquisitely arranged in an oval bowl. Victorian silver candelabra flanked the central decorations.

Mrs. J. G. Watson poured coffee and Mrs. R. J. Kennedy Sr. served the cream which resembled bunches of purple grapes. Embossed bon bons, chicken salad sandwiches, nuts, and mints were served.

Sixty guests called between 5 and 6 o'clock.

## Bulloch Flies—

Continued from Editorial Page.

Miss Spears said that at first they were not too enthusiastic over adding to their work, already extra heavy because of the Fair. However, at the meeting for all home demonstration agents, they received a great inspiration mainly because of a talk made by a girl from Poland, who told what the United Nations had meant to her country and what it was doing for the world. The enthusiasm gathered at this meeting was passed on to the women all over our great nation.

Just as our forefather and mothers were pioneers in the founding of our democracy, we too, are pioneers in the founding of democracy for the world.

While our own American flag, beloved by us all, represents our 48 States, united to protect free-

## 4-H BUILDS FOR THE FUTURE

Over 1,900,000 rural young people are building toward a better future. Typical of the boys and girls observing National 4-H Club Achievement Week, Nov. 6-12, are these in the painting from the 1951 National 4-H Calendar.

## Bulloch 4-Hers Observe 4-H Achievement Week

Bulloch county 4-H Club boys and girls will take a good look at the \$10,000,000 business they and other 4-H Club boys and girls of Georgia operate in individual farm and home projects during the week of November 6 to 12, when they join with nearly two millions other 4-H Club boys and girls throughout the nation in celebrating National 4-H Club Achievement Week.

Beverly Brannen, of Nevila, president of the Bulloch county 4-H Club Council, said this week that Georgia boys and girls who belong to the 4-H organization completed last year projects valued at \$10,700,000. There were members of 2,200 community clubs scattered throughout the state.

Eighty percent of the club members—there are 115,000 in the state—completed one or more projects. These projects covered practically every phase of farming and homemaking and included such other things as public speaking, recitation, song leading, talent, health, and safety.

Around 30 of the champion project winners in the state represented Georgia at the annual National 4-H Club Congress in Chicago, winning free trips for their outstanding accomplishments. Four of these won national championships.
